MOBILE VOICE AND DATA COVERAGE

About the coverage maps

This map indicates our expected coverage. Some factors may reduce the effective coverage including your height above street level, the nature of your building, hills between you and the cell site and atmosphere conditions. 3G and 3G Extended coverage is available only if you have a device capable of using these services. Find out more about 3G Extended. *3G Broadband speeds only available with "Extended" coverage 900Mhz device.
